Raoul serves as the International President of Karazim Ministry, which develops and facilitates short-term missions to third-world countries, partnering with churches all over America. His life and message are rooted in the fulfillment of the Great Commission, the principles of victorious Christian living and the preparation of the minister for the ministry.

This young man has experienced the miraculous power of God many times in his life; the most noted by those who know him, was his physical healing from being a quadriplegic. He is presently matriculating at Vision International completing his Doctor of Ministry Degree.

Karen serves as Vice president of Karazim Ministries and General Manager of The Chart House Feeding Center. Karen is passionate about affecting positive transformation in the lives of females. She has developed a program called "metamorphosis," named and designed to affect and transform the lives of individuals.

God is doing something special in the world today through the lives of willing qualified young men and women. Raoul and Karen continue their compassionate care and leadership development ministry to the Bahamas with a focus on winning souls for the kingdom of God.
