

Introducing . . .

## Paul and Jean Biggers

### Church Planting Ministry Consultant

#### **FIELD**

Paul and Jean were seasoned servants, having served in churches in Indiana and Nebraska, when they were appointed by Missions Door on March 16, 1999 as church planters to the Las Vegas metro area. In addition to serving as the launch pastor of Summit Ridge Church in Las Vegas, Paul has served as church-planting Specialist for Missions Door, coordinating church planting in the Southwest.

In July of 2009, they relocated to Windsor, Colorado, where Paul focuses on developing a church-planting network along the Front Range of the Rockies. His vision is to coordinate the launch of multiple new churches in the growing cities and communities of Colorado. Paul believes that he is at the stage in life where he can make a great impact by recruiting, training and coaching the next generation of church leaders.

Paul is passionate about three things: His family, fishing and fishing for men. His major goals in life include impacting his nine grandchildren and populating heaven with as many people as he can reach!

#### **FAITH**

Paul trusted Christ as Savior as a young boy while growing up in Southwest Missouri. His journey in following Christ led to Denver, where he received his biblical education at Western Bible Institute. He completed his graduate studies at Grace Seminary in Winona Lake, Indiana. His ultimate pursuit is to orbit daily in close proximity to Jesus, and to be transformed into His character.

Jean, a registered nurse, trusted Christ when she was a child. She finds her greatest delight in following Jesus and impacting her family and friends through that relationship.

#### **FAMILY**

Married in 1971, they have four children and nine delightful grandchildren who capture their hearts.
