

Presenting

Kathryn Groseclose

Signs of Love Honduras Deaf Ministry

Ministry Focus

Kathryn began serving with Signs of Love Honduras (SignsofLove.org) in 2010. This July Kathryn will be serving full time with Signs of Love. She focuses on bringing language to the unreached deaf community and growing the deaf church by teaching Honduran sign language (LESHO) and training, discipling, and counseling the deaf.

Faith Story

Kathryn made a decision to completely surrender her life to Jesus and follow Him her sophomore year in college. She quickly began to see God's intricate plan to draw her to Himself and after taking a Perspectives class, came to realize God's passion to draw others (people of every tribe, tongue and nation) to Himself as well. Because of this it has become her passion to see all people groups worship the King of Kings.

After taking American Sign Language in college, God began to open her eyes to a people group that, in many places, did not have access to language, let alone the Gospel.

Kathryn served in the Deaf Kids Ministry at the Austin Stone Community Church in Austin, Texas before moving to Honduras. She is passionate about seeing all people groups come into the Kingdom, including Deaf People Groups all over the world!

Family & Education

Kathryn got her degree in General Studies: Education from the University of Mary Hardin Baylor in Belton, Texas.
